Being Mortal: Medicine and What Matters in the End
by **Atul Gawande**

"Riveting, honest, and humane, *Being Mortal* shows that the ultimate goal is not a good death but a good life - all the way to the very end."

Jesus explains, "The thief comes only to steal and to kill and destroy. I came that they may have life and have it abundantly!" (John 10:10 ESV). It sounds wonderful, doesn't it?!

But after reading that verse, maybe you are asking yourself what an abundant life even looks like. We confront the realities of our mortal bodies and the broken world around us every single day. Perhaps you have aging parents, your own health challenges, or are coming alongside someone facing their own limitations.

Even if you are young and very healthy, have you stopped to wonder what the definition of "quality of life" is for you? Have you ever asked someone else? Perhaps you'd like to learn how to have these conversations.

Why? As believers, these are realities and questions that we can have the courage to discuss. As a result, we become more intentional with the days we've been given and in our care for others. After all, at the end of the day and at the end of all our ultimate days on this earth, we know Him who is the "way and the truth and the life" (John 14:6 NIV).

***NOTE DATE CHANGE**
